Commissioner's Notes

The 2008 Season is moving along, and we now have over 11,000 members registered. We currently have 10,705 paid members, with 497 still listed in the system as Unpaid. Club directors are reminded to monitor their Unpaid List and get their payments in to the Region Office. We also have a number of Unpaid members who are not affiliated with a club. These are officials, and members who are still undecided about their affiliation. If you are in either of these categories you need to get your fees paid, before we start deleting these records from the system.

Club directors are also reminded to get their teams created, and their players listed. Remember, these team names are stable entries in the club database. You can not delete the old team and create a new one. If you wish to do that, then you must contact the Region Office, because we are the only ones who can make the changes in the team data. This is why we asked each of you to create a system for naming your teams, so that we would not be required to make changes to the team names, each year. You should not incorporate the coaches names into the team name. What happens when the coach move up, next year, with the players? Now you will have to create a new team with the coaches name at the next level. Eventually, some of the larger clubs will have a great number of inactive teams, which is nothing but junk in the club database. If you develop a numbering system, or a color system, for your teams all you need do the next season is add the members' names to the teams and, you're not creating excessive junk in your system.

Another thing club directors can do to help with the overall development and accuracy of the system is to use the group email capabilities that are built into the system. This way you can keep track of your members who have valid email addresses, as well as those who do not. Those with invalid email addresses can then be contacted and the necessary corrections made, in the system. The group email is a great way of communicating with your members.

As we get close to the National Qualifiers, Regional Championships, and National Championships, we need to start reviewing our Region Rules. Remember, each team must have at least one fully certified referee and one scorekeeper to compete in these championships. Also, the junior teams must have IMPACT Certified coaches. Officials' and IMPACT Clinics are now listed on our schedule, and club directors should ensure that their people get themselves certified.

Finally, it's time to start considering your options for attending one of the National Championships. On-Line applications are now being accepted. Talk with your people and make your decisions, now. As a number of teams now know, once you've gone to the Regional Championships and finished high enough to get a bid, it's too late to submit then. Log on to the USA Volleyball web site and get all the particulars, make your decision, and get your entries into the system.

FROM THE REFEREE STAND

This year the rule changes/additions/deletions are minimal, but watch out for big changes after the olympics next year. Here is a summary of the changes for this season (07-08) regarding the more significant rules:

- 1) Player's jerseys must be numbered in a permanent manner from 1 to 99, and the numbers must be clearly visible and centered on the chest (minimal 4 inches) and back (minimal 6 inches).
- 2) Assistant Coaches must remain on the bench but can give instruction to the players from the bench.
- 3) We are no longer testing the joust rule, so now it is USAV rule that if simultaneous hits by opponents above the net lead to extended contact of the ball, play continues.
- 4) It is now written, the Libero is designated for the set and must be indicated on the line-up sheet each set. The re-designated Libero must remain as the Libero for the entire set.
- 5) As usual, the Libero uniform must be contrasting in color (not just different colors) and color combinations such as purple/black, dark green/black, navy/black, or navy/maroon are not distinctive enough to comply with the rules. I would add that yellow/white, beige/white, and light grey/ white are also examples that are not distinctive enough.
- 6) Team Captains and the Second Referee are not required to sign the scoresheet.

There are additional editorial clarifications on page xviii of the 2007-2008 USAV Domestic Competition Regulations and everyone is encouraged to review and read the playing regulations. Remember rule 20.1.1!

FROM THE SCOREKEEPERS' CHAIR

Use the Lone Star Region web site (<http://lsvolleyball.org>) to always get the most up to date information on anything relating to your Region.

From that web site: The season is past the half way point now and a number of you have not completed your certifications yet. We have conducted over 75 clinics in 25 cities around the Region. NO EXCUSES if you have not attended one!

Remember, the requirements for certification are:

1. Attend a clinic
2. Take and correct the test
3. Submit completed scoresheets from two sets (games)
4. Submit a scorekeeper application
5. Register in the Lone Star Region
6. Pay applicable fees

The following season only steps 4-6 are required, then the process repeats.

On checking your status:

Your current official's status is part of your USAV registration. To check that status, [login](#) to your record. If it says Current, you have completed the requirements for this season.

If you completed certification last season, you need to **RENEW** this season. To confirm, [login](#) to your record in the USAV database. Click on the tab marked "*Other Info*" then click on the "*Official Info*" tab about half way down the page. If the Certification Date is 10/31/06 or newer then mail a Renewal application and the \$10 fee to the address on the form.

If the date is prior to 10/31/06 you will need to attend a clinic and submit ratings.

All forms are available in the **Reference** section of this site.

ADULT CONDUCT

Recently there have been several incidents at Lone Star region tournaments involving adults using harsh and inappropriate language with young players and officiating crews. In order to discourage such behavior, the region has been compelled to impose disciplinary actions against some offenders. This is never a pleasant situation; however, the increase in abusive behavior within the region must be stopped.

Coaches, parents, and other players must be more attentive to the language they use during practice sessions and tournament games. It is the region's wish that the matter of individual conduct be handled within each club, whenever possible. Club organizations must make it explicitly clear that abusive language and actions are NOT permitted. If it becomes necessary in the future for the region to become involved in these matters, harsher measures may have to be taken.

Let us all keep in mind the reasons for our work and do all that we can to keep the environment of our tournaments wholesome and positive for everyone.
